

ANYL4PSD REGIONAL TEACH-IN ON CLIMATE JUSTICE 12-13 MAY 2022

*Sharing of experience on climate
justice and Sustainable Development*

*Regional Ambassador, Nkole
Mwamba*

Climate issue

- Challenge that is impact all of us which is climate is complex.
- Every individual can make change in transformation frame work in making positive change
- Our country of Zambia is not spared by affect of climate change

Climate crisis

- Climate change has far reaching affects from Health,Economy,Security of food and water,livelihood.
- It is raise interior migration of people from one town or province to another
- Displacement of marginalised groups such as women and Girls

Climate Action

- Being Ambassador and Executive Director Savannah Zambia, we have taken bold steps in addressing with climate Change
- Savannah Zambia is driven by young people and youths who are not only important but also key partners in climate mitigation and adaptation
- Our Population comprised a big number of Young people and youths, as Ambassador and Savannah Executive Director, we have involved this segment.
